## G.E.M. Gather Group Permission Slip

**School Site Name:** \_\_\_\_\_

Dear Parent or Guardian:

We would like to provide an opportunity for your student to participate in a small group and peer support group called G.E.M. Gather Program. G.E.M.'s Gather Group Program is designed to inspire hope and courage in our teen girls as we assist in helping them become confident in their identity, abilities, and purpose. Through this program, girls will be able to recognize their value, unlock their greatest potential, move forward toward their purpose, and connect deeply with themselves and others. In addition, being a part of this group is an excellent way for your student to learn new skills, develop self-confidence, become more aware of how others see them, practice new behaviors, and better understand how to deal with the many problems life presents.

G.E.M. Gather Groups will meet outside of school structured time, after school, once a week with a designated and trained G.E.M. Prosper Facilitator. A G.E.M. Prosper Facilitator is typically an individual who works at the entity that will be hosting the G.E.M. Chapter Groups.
